RE: Disconnection Report of Service Terminations

Dear Mr. Butler:

MAY 2 2006

OFFICE OF SPECIAL ASSISTANTS
OF SOUTH CAROLINA

Company d/b/a Duke
mpany") South Carolina

Enclosed are an original and ten copies of Duke Power Company d/b/a Duke Energy Carolinas, LLC's ("Duke Energy Carolinas" or the "Company") South Carolina Disconnection Report of Service Terminations for the period January 2006 through March 2006. This report is provided in response to the request of the Public Service Commission of South Carolina ("PSCSC"), which was communicated by way of your letter dated January 12, 2005, to the Company.

All of the requested information is not available, but Duke Energy Carolinas hereby provides data responsive to the Commission's request, with notes to explain the presentation of the data. The following information is enclosed:

- Number of accounts by class (residential and nonresidential) whose service was disconnected either voluntarily or involuntarily, including the reason therefore, during the period January 2006 through March 2006.
- Number of residential and nonresidential accounts disconnected daily for those categories that are known to be involuntarily disconnections, i.e. nonpayment of bill or deferred payment agreement, and fraud or tampering.

- <u>Duration of service interruption.</u> Duke Energy Carolinas is able to capture data on the duration of the interruption for nonpayment, if the customer reconnected service within seven days. This data shows that most customers who remain at the same service location reconnect within forty-eight hours. The majority of such customer's accounts are final billed and they move to a new location.
- A <u>Summary of delinquency process</u> was previously provided in the Company's report for the quarter ending 12/31/04.

Please let us know of any comments or questions.

Sincerely,

Lara Simmons Nichols

Richard L. Whitt (Austin, Lewis & Rogers)

The information provided in this report reflects the number of "accounts" disconnected, not the number of customers disconnected. A customer's service may be disconnected more than one time during the period for which the data is reported.

#### NOTES:

- (1) Customers accounts disconnected for nonpayment remain active for 7 calendar days before a disconnect or removal final order is worked.
- (2) Accounts subjected to disconnection for tampering and/or fraudelent use of electricity. The actual number disconnected is not available.
- (3) Accounts disconnected where the customer did not transfer to a new location. The specific reason for the disconnection cannot be determined but the majority of accounts in this category represent customer requested disconnections. This category may also include a small number of accounts disconnected for safety or contract violations. This category could also include a small number of customers whose service had previously been disconnected for nonpayment, where service was not restored within 7 days and the account was final billed (see report on duration of interruption). Therefore, this number of accounts disconnected may be reported both in the nonpayment category and this category, i.e. counted twice, even though there was only one service disconnection.
- (4) Accounts disconnected where the customer established service at a new location.
